PROSPECTUS.

When this Company was incorporated on the 7th July of last year, 3,000 only of its 10,000 shares were issued, that number, as stated in the Prospectus, being sufficient to meet the cost of the purchase of the two Estates then proposed to be bought and the 12 Bungalows then contracted for. The Prospectus also stated that, as the business of the Company extended, more capital would necessarily be required, and further shares would be issued as needed.

The business of the Company having extended as anticipated by acquiring additional Estates, further capital is now required, and the Directors offer 3,000 more shares for subscription, the proceeds of which will be devoted to paying the balance due on these new Estates. The cost of an Estate—and to the further development of the Company's property.

The two Estates originally bought consisted of 180 acres, on which 12 Bungalows have been built. All of these Bungalows have been sold, and the full income that may be expected from them in the future years.

The additional properties acquired by the Company are excellently situated. The Company covers 427 acres in all, and it is now proposed to build a hotel on the site of the Wei-Hai-Wei, not only for the accommodation of residents and Naval Officers there, but also for visitors from Shanghai and other ports. The Directors have therefore committed the building of such a Hotel at a cost of \$1,500, so that it may be ready for the ensuing summer season, the contract date for completion being 30th June next, and it should prove a remunerative investment. It is a good hotel, and every care will be taken to ensure its being made comfortable and attractive to visitors.

No doubt the British Government, by reason of the war in South Africa, has so far delayed carrying out its expressed purpose of establishing at Wei-Hai-Wei a naval depot and man-of-war, and of making it a naval base, but still a good deal of work has been made in that direction, and there is every reason to believe that before many months are over the British Government will turn its attention to Wei-Hai-Wei, and that eventually it will be a place of great importance.

The fact that all the Bungalows belonging to the Company have already been let for the ensuing season goes to show that the places will be largely used as a summer resort.

The Directors, being well satisfied with the progress already made, have every confidence in the future success of the Company, and consider that the extension of the business simply indicates the fact that the Company is not carrying out the original intention of calling for the further capital required for the development of its property.

Applications for shares should be made on the form attached to the Prospectus to the Bankers of the Company, together with the amount payable on application.

If the number of shares applied for by any applicant be not allocated, the surplus of the amount paid on deposit will be appropriated towards the sum due on allotment. When no allotment is made the deposit will be returned in full.

Prospectuses and Forms of Application for Shares can be obtained at the Chartered Bank of India, Australia and China, or at any of their branches, or at the offices of the Company, No. 21, Nanjing Road, Shanghai.

Copies of the Memorandum and Articles of Association of the Company can be inspected by intending subscribers at the said offices of the Company.
